**Task 4: Part A – Write two
professional emails:**

Email 1 — Write an email from a student to their professor requesting an extension on an assignment submission deadline. The email must follow all professional email rules.

Subject: Extension request on the assignment.

Dear Professor

I am writing to respectfully request a brief extension on the assignment, currently due on 11th April 2026.

Due to a personal family emergency, I have fallen slightly behind schedule. I am committed to submitting quality work and believe that an additional 2 days would allow me to complete the assignment to the necessary standard.

Would it be possible to submit my work by 13th April instead?

Thank you for your time and for considering my request.

Best regards,

Soumya Tandon

Email 2 — Write an email from a student to an internship coordinator at a company, expressing interest in a summer internship opportunity.

To: internship@companyname.

From: soumya.25bsa10030@vitbhopal.ac.in

Subject: Inquiry: Summer Internship Opportunities

Dear Internship Coordinator,

I am writing to express my strong interest in a summer internship opportunity with your team. As a student currently pursuing a degree in Computer Science, I have been following your company's recent developments and am impressed by your commitment to innovation in the tech industry.

Through my academic coursework and independent projects, I have developed a solid foundation in Python, C++, and the principles of artificial intelligence. I am eager to apply these technical skills in a professional environment while contributing to the meaningful work being done at your organization.

I have attached my resume for your review, which provides further detail on my technical background and recent certifications. I would be thankful for the opportunity to discuss how my skills and enthusiasm for technology could support your upcoming summer projects.

Thank you for your time and consideration. I look forward to hearing from you.

Best regards,

Soumya Tandon
